**Rule:** Research Projects

**Effective:** 09/22/05  
**Replaces:** 1130  
**Dated:** 02/07/05

A.R.S.	A.C.A	A.A.C
§§41-2804,	3-JTS-1F-03,04,05 06, 07, 08; 4C-45, 46.	

1. The Arizona Department of Juvenile Corrections (ADJC) encourages and uses research to aid decision-making for juvenile treatment programs and agency operations and collaborates with other agencies whenever possible.
2. ADJC juveniles may participate in non-medical, non-pharmaceutical, or non-cosmetic research on a voluntary, non-coercive basis. ADJC juveniles shall not participate in experimental projects involving medical, pharmaceutical, or cosmetic research.
3. ADJC juveniles who elect to participate in approved research projects shall not be denied basic services available to other juveniles, nor participate in research activities which may accrue negative personal results.
4. ADJC employees, university faculty or students, or contracted firms or individuals may, if approved, conduct research if the proposed project:
  - a. May provide benefits to ADJC or to the juvenile justice profession;
  - b. Ensures confidentiality of ADJC juveniles;
  - c. Does not place an undue burden on ADJC staff, juveniles, or resources;
  - d. Follows Departmental Rules of Conduct, policy, and procedure.
